

ZORRO SEAL & SHIELD

Zorro Seal and Shield will bond to virtually any substrate such as concrete, wood, plastic and metal. Zorro Seal and Shield is a solution for a range of problems commonly found in the maintenance of structures. Its remarkable seal will protect concrete and other hard surfaces which provides for easy cleaning and preservation.

This product contains an EPA registered microbiocide for the purpose of resisting the growth of algae and fungi on the coating only.

DIRECTIONS FOR USE

SURFACE PREPARATION:

Surfaces must be clean, sound and free of any dirt, dust, grease and other contaminants. Wash with an acceptable cleaner and remove any existing mold or mildew with a mold and mildew cleaner or household bleach.

MIXING:

Blend one gallon of Zorro with three gallons of water and mix thoroughly.

APPLICATION:

Apply with a garden sprayer, a backpack sprayer. For areas where overspray is not desired a roller or microfiber applicator may be used.

CURING:

Allow 24 hours before the coating has any water is applied. Takes up to 7 days for the coating to reach full cure.

STORAGE AND DISPOSAL:

Do not contaminate food or feed by storage, disposal or cleaning of equipment. Do not allow this product to freeze and keep container tightly sealed after use.

CONTAINER DISPOSAL:

Triple rinse, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration. CONSULT FEDERAL, STATE OR LOCAL AUTHORITIES FOR APPROVED ALTERNATE PROCEDURES.
